PLAN SUGGESTED FOR MUNICIPAL HOSPITAL

A plan for the building of a municipal hospital has been put before the City Council and the School Board by converting the present East Side School building into a hospital.

Architectural estimates have already been secured and it is found that approximately thirteen thousand dollars would be required to convert the building into a nineteen ward hospital with reception halls, operating rooms, etc.

It is found that the building is rather easily adapted to such a change owing to the fact that it is built in "wings" and with a wide hallway for staircase and elevator rooms. The location of course is practically ideal being high and out of the residence section and with plenty of grounds, already served with the sewer and water connections.

It is proposed that a bond issue of \$25,000 be voted which would pay the school system twelve thousand dollars for the building and grounds and at which price the existing buildings would be cheap and which at the same time, would enable the Schools to liquidate their indebtedness as they are in debt exactly that amount.

As yet no definite steps have been taken but interested citizens, have had the estimates made and have placed the matter before the two bodies who plan to discuss the matter and to determine as far as possible what the sentiment is on the question.

That Comanche needs a modern Sanitarium is apparent to every one and when it is realized that probably more than \$25,000 per year goes out of Comanche and the vicinity to foreign institutions of this class the saving becomes a question of interest to everyone.

DISTRICT COURT NEXT MONDAY

District Court will convene for the fall term on Monday October the 18th at Comanche.

The grand jury will be impaneled and start its session on Monday and nonjury matters will be taken up during the first week, the first petit jury being summoned on the 25th inst.

This Court has probably the heaviest docket of any Court in a number of years there having been the greatest number of people in jail recently there has been at any time in probably twenty years.

Melon In October

The office force of the paper is indebted to J.M. Springer of Route two for two splendid watermelons which he donated us apparently for no reason except that he liked us.

We do not know how late watermelons come but these ripening in October were indeed splendid both in size and quality and we know that Mr. Springer can raise watermelons and we are glad that he can.

CANDIDATE SPEAKS SAT. OCT. 30TH

H. H. Haynes Republican Candidate for Governor will speak in Comanche on Saturday October 30th according to the statement of Post Master M. J. Sullivan.

Mr. Haynes is reputed to be a very forceful speaker according to press reports. He will speak at the Court House at 3:30 p. m. on the above date.

The Gay Old Rooster

Bob Seale was exhibiting on the streets last Friday what we considered the gayest of the gayest old roosters of the town.

He was of the Black Minorca strain and made an imposing figure walking upright dressed in a pair of blue overalls and carrying a watch and pencil he took matters calmly performing readily upon being urged to the delight of the on-lookers.

That Comanche is destined to have an oil play growing out of the showing in the Bryson Wildcat just west of town is evident not only from the close interest that is being manifested by the Major Companies but also the active lease trading as far as two and three miles from the well.

Considerable gas was encountered just about the black line which was reported to have been reached last week.

Following the setting of the casing drilling progressed into the line some ten feet it was found straight rimming would be necessary and it has been under way since that time.

Leases as far as two miles away have found an active demand not only on the part of local investors and Wildcat Buyers, but some of the big companies have proved anxious to be holders near it.

Local interest of course has been keen and crowds have visited the well almost daily in an effort to learn just what is being done.

Those financially interested in the project especially are much gratified in the showing and feel that their faith in putting down the well will be justified either by being a producer or a showing that will justify further efforts.

PRESBYTERIAN REVIVAL TO BEGIN NEXT SUNDAY

Much interest is being shown in the revival meeting at the Presbyterian church on October 17th according to Reverend Noel P. Wilkenson pastor.

This is the first revival meeting held by the local church in some two years and it is hoped that it will become one of the biggest religious events of 1926.

Services twice daily will be conducted by Reverend B. C. Boney pastor of the Presbyterian Church at Cisco and is a very forceful speaker as well as an able singer and he will have charge of the song service as well as doing the preaching.

An effort will be made to have one of the largest choirs that has ever sung in a revival meeting and we are requested to ask all those interested in sacred music to attend.

Comanche Members Attend Grand Lodge

The Grand Encampment of the Independent Order of Odd Fellows convened in regular annual assembly at Taylor from Monday to Wednesday of this week. Those attending from the Comanche lodge are: W. D. Carroll, J. C. Huse, C. A. Wells, H. C. Rambo, L. C. Dillard, W. Harkins, M. S. Elms, H. L. Gantz, W. A. Payne, J. H. Lewis, J. E. Benson, and Alf Garner. These men constituted a degree team which exemplified the work at the assembly Monday evening.

HUMPHRIES WELL AT 500 FEET

J. J. Mooney who is connected with The Humphreys Brother Oil Drillers Company is drilling a well in Comanche county just south of Comyn was in the Chief Office Wednesday and brought an eight inch cylinder black shale diamond core cutting which came out of the Comyn well at a depth of 500 feet.

This company has installed a boiler and pump on the Leon River one and one fourth miles from the well and which runs day and night to supply water for the crew at work on the well. Mr. Mooney speaks very enthusiastically about oil possibilities in Comanche county. And it is certainly a most favorable omen for such men as the Humphreys Brothers to become interested in the county as possible oil territory.

The curtain of time Friday night dropped on one of the most successful enterprises ever undertaken by the citizens of Comanche County. The only real County Fair that has been put on by our people is now a matter of history and is recorded in the list of the big accomplishments of the present generation. For weeks we have looked forward toward this event. Those of pessimistic natures declared that a county fair here would not amount to anything and predicted that it would be marked with the stamp of mediocrity. But the men and women of vision and faith and zeal saw from the beginning a venture that was not to be merely an experiment that would terminate with a moderate degree of success, but a project fostered by people with such faith in their country and confidence in themselves as to make the enterprise end with complete success and thus truly reflect the importance and richness of the county, and the great spirit and pride of its people, as well as to command the respect and attention of the most discriminating observers. The Fair measured up to and beyond the fondest expectations. Success crowned gloriously the efforts of those who labored with abandon. The criticism of the Fair was unanimously favorable.

No victory is ever achieved with the leadership of some masterful genius. In this case all honor and praise belong to Davis K. Doyle, the Secretary of the Fair, who worked quietly, yet constantly and effectively, and whose vision and generalship was displayed from the day he assumed leadership of the program. It was a large task with multitudes of details and responsibilities, the success was outstanding and complete all because the leader was a man of clear foresight, unerring judgement and untiring energy.

PARADE

The mammoth parade given on the opening day was one of the finest of its kind ever staged anywhere. From the standpoints of length, beauty and uniqueness it stands unexcelled in the history of county fairs. It was at least a mile in length and was participated in by business concerns, organizations, clubs, and individuals.

At the conclusion of the parade which had its terminus at the Fair grounds. After which the Fair was formally opened with appropriate ceremony in the presence of a large group of people.

ATTENDANCE

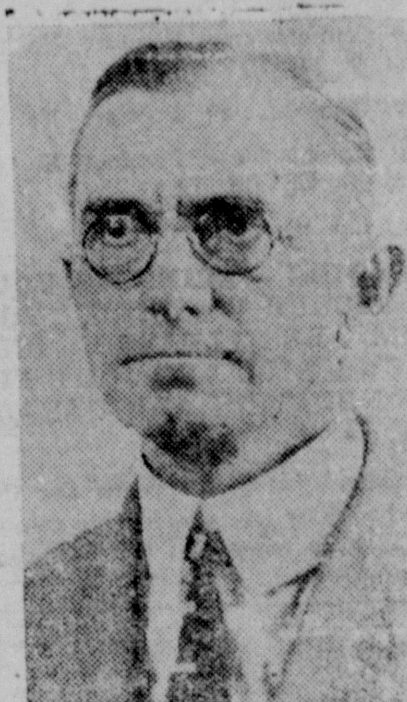

The attendance during the three days was much greater than was even hoped for on account of cotton picking and the pressure of other work in the country. It is estimated that six thousand different people attended during the entire duration of the event.

The crowds at night were very large and especially on the second night when the Historical pageant was given. This was not only the largest crowd attending any one part of the Fair program, but is among the largest aggregation of people ever assembled in Comanche upon any occasion. Three thousand people were present according to figures of those who are competent to estimate the size of crowds.

COMMUNITY EXHIBITS

The community exhibits were of the highest order, being not only the finest products of the county, but were very tastefully arranged and displayed in such a manner as to bring out their full beauty and to make them attractive and interesting. There were three departments of these exhibits: field crops, canned fruits and vegetables were Comyn, Gustin and Sidney. All were very fine and lack of space prohibits our giving detail and special notice of all the things on display. However, there were two items in the Sidney booth requiring special mention because of their unique character. One of these was a tobacco plant and a twist of home grown tobacco raised by W. C. Langston to whom a sample packet of tobacco seed were sent with some other seeds which he ordered. These seeds were planted and the plants grew in the garden where they lived and flourished when other plants about them died because of dry weather. The other item was a miniature set of furniture made from cigar boxes and including living room, suite, bedroom furniture, kitchen and dining room equipment. There were eleven pieces in all, each piece was

Carefully made, neatly painted and tastefully decorated with dainty flowers. The furniture in addition to the tiny dollies and scarfs was made by Miss Reba Statom, daughter of Charley Statom who got the idea from a magazine and made every piece with her own hands without the assistance of any other person.

The exhibits of poultry while not having as many entries as were anticipated were good and included some of the finest types and conditions of fowls to be observed in any of the larger fairs.

SOMETHING BESIDE COTTON

A booth that was both interesting to look upon and the advice it carried most worthy to be followed was the one arranged by County Agent J. A. Barton, in which he displayed a number of things which can be grown in Comanche county besides cotton. Among these were the various legumes which are necessary to soil building, and the value of which are overlooked by the majority of farmers, fruits, feed crops, melons, etc.

In this booth was a fine blackberry plant grown by J. B. Layne of Van Dyke who is very enthusiastic about the possibilities of the blackberry industry in this county. From five and one half acres of berries Mr. Layne gathered 680 acres of berries which were sold at a price which netted him \$250 per acre. On display were these products of his berries; preserves, Jam, Vinegar, Juice, canned berries, Nectar and jelly.

BOYS AND GIRLS CLUBS

The Boys and Girls Agricultural Clubs had a booth that gave evidence of the fine training these boys and girls have been receiving and of the fine work they have done as a result of this instruction. There are eight of these clubs in the county all of which are doing good work. Their entries included all the field and garden crops grown in the county. All the articles on exhibition were splendid. One of the most interesting things was a display of items made from tomatoes by Lois Jones of the Bibb Club which were: chow chow, chili sauce, ripe and green preserves, cream soup, catsup, pickles.

The Texas Farm Bureau Cotton Association had a clever display in which was displayed the havoc that is played to cotton that is sold through noncooperative means, and a most convincing argument in favor of Co-operative Marketing as is the only solution for the problem of disposing of farm products.

TARLTON COLLEGE

The John Tarlton College had a moving picture show on display which throughout the entire period of the Fair declared the advantages of that college, and invited those seeking an education to find their places within its walls.

BEEES

The only Apiary item displayed on the ground, was the one exhibited by Albt M. Hunt and Son of Goldthwaite which was a hive of bees at work at the task of making honey. A most interesting and instructive spectacle.

Walter Durham for the past eighteen years connected with the First National Bank of this City will engage in the pecan shelling business according to his statement recently given out.

Mr. Durham has leased the Davenport building until recently occupied by the Post Office and in it will install his cracking grading and packing machinery.

The Firm will be known as the Durham Pecan Company and will engage in both wholesale and trade of national scope selling his products both bulk and packed through out northern markets.

Machinery is expected to arrive within the next few days and will be ready when the pecan crop comes on the market about November 1st.

Aside from the mechanical force from twelve to twenty-five, people will be employed in the picking and packing of the nuts and which means quite a good business addition to Comanche.

During the past several years quite a number of plants have been put in and proved not only successful as a business venture but an asset to the communities in which they operate but not only because of the additional market given for the pecans but the additional pay roll brought to the town where they were located. This has especially proved true in Brownwood where the shipping out of shelled and packed pecans has become a big industry.

We congratulate Mr. Durham upon his enterprising spirit and bespeak for him the co-operation of the pecan growers of the county.

ELECTION JUDGES NAMED BY COURT

The following citizens of Comanche county have been appointed to preside at the various voting boxes over the county at the General election which is to be held November 2nd.

Club Boys Leave For Dallas Fair

County Agent J. A. Barton left Monday accompanied by four of his club boys for Dallas where they will attend the annual meeting at the Dallas Fair, those accompanying him were Ewell Jones son of Mr. and Mrs. Henry Jones of Sidney, Mackie Johnson son of Mr. and Mrs. R. L. Johnson of Gustine, Austin Holmes son of Mr. and Mrs. J. D. Holmes of Duster and C. M. Carraway, Jr. son of C. M. Carraway of Comyn.

Each year winners of prizes in club boys contest are guests of the Dallas Fair being furnished their board etc. attending the Fair.

Jaynes won the prize on Sweet potatoes having produced 182 bushels on an acre of land. Johnson won his prize in pecan work rebuilding and topping work in an orchard. Holmes was winner in the cotton contest producing 517 pounds of lint from two acres. Carraway took grand champion prize in the baby beef division of the Ft. Worth Fat Stock Show.

DR. S. E. CHANDLER SPEAKS SUNDAY

Dr. S. E. Chandler President of Daniel Baker College will speak at the morning and evening hours at the Presbyterian Church next Sunday.

Rev. Boney who was to have begun the revival service on that day was unable to attend and Dr. Chandler will conduct the first two services of the meeting.

Rev. Boney will arrive for the service Monday evening and will have charge of the meeting.

FIRE PREVENTION

The Fire Prevention Department
of the State Fire Insurance Com-
mission had a most appropriate dis-
play under the direction of Mrs.
Annie M. Poulson of Austin, Texas,
who told us that during 1925 Texas
suffered a property loss by fire of
\$22,000,000, besides the loss of 284
lives, 33 of which were under the
age of two years, and six of which
were persons past eighty years of
age.

HOFF'S FLOUR

John P. Hoff maker of Hoff's
Best Flour had on exhibit a num-
ber of sacks of his flour which
made a good display and attracted
considerable attention from the good
cooks of the country.

TAXIDERMY

The array of mounted animals
and other specimens of the art of
taxidermy on display by E. G.
Wells attracted much attention and
prompted many questions which
were cheerfully and clearly answer-
ed by Mr. Wells.

COMANCHE COUNTY CURIOS

A collection of geological speci-
mens that would rival that of many
museums was in charge of Les
Boynton who has a most wonderful
number of specimens which he has
collected from various parts of the
country. No one enjoys talking
about his prized possessions more
than the owner of this collection
whose genial and hearty manner
furnishes many hours of profitable
entertainment to those who visited
him in his booth.

ENTERTAINMENT

Entertainment features during
the Fair were many and varied and
of very high class. On the evening
of the first day the pupils of Mrs.
W. D. Carroll furnished some fine
entertainment in the form of a
unique minuet. Later in the even-
ing the young people of the STAG
CREEK community rendered the
play 'Lil Wild Rose before a large
and enthusiastic audience.

The High School Glee Club also
furnished some very entertaining
music.

Much appreciated entertainment
from the Radio Shop booth which
was installed by M. R. Hilty. The
booth was suitably wired and
equipped for radio reception and
music, market and baseball reports
were heard at every hour of the
day when broadcasting was being
done. Loud speakers were placed
at different parts of the grounds so
that the advantages of the radio
could be had with the necessity of
even going to the booth.

COLONEL OWSLEY SPEAKS

The only address given during the
period of the Fair was delivered by
Colonel Alvin M. Owsley. Past
Grand Commander of the American
Legion. This address was delivered
on the afternoon of the second day.
The subject was "The Soldier and
The Citizen." and was an eloquent
tribute of youth to age, the modern
soldier's salute of the age bent war-
rior. This address was a classic.
Colonel Owsley is one of the most
polished orators of the day and one
of the most interesting speakers in
the country. His name stands very
high on the roster of modern states-
men.

RODEO

The rodeo entertainment was one
of the most popular events upon the
fair program. This was under the
direction of Challie Gray and Gaston
Boykin. Some of the most noted
horses in the country were ridden,
both with the saddle and surcingle.
The fancy horseback riding by Mr.
Boykin was worth the price of ad-
mission to the fair, in fact it was
equal if not superior to that shown
at the big stock shows and circuses
and where fancy prices are paid for
the privilege of seeing.

GOAT ROPING

The goat roping contests were
more of the humorous nature than
otherwise. This in spite of the fact
that a goat has no sense of humor.
To rope the goat required a great
deal of skill, of course but was con-
sidered rather tame by those men
who are used to roping wild horses
and cattle. Its entertainment fea-
ture, however, was very good.
Challie Gray and Gaston Boykin
were considered the best ropers in
this class of contests.

LAST NIGHT

The last night of the fair in spite
of all predictions to the contrary
was one of the very best both from
the standpoint of attendance and
good program. There was a fine
moving picture show of an educa-
tional nature that was thoroughly
enjoyed by all. One of the most
talked of numbers on the fair pro-
gram was the hog calling contest.
Some of the veterans of pig style
fame took stage fright at the last
minute and did not enter according
to previous announcement. It is

One of the thrilling features of

the old fashioned square dance in

THE HISTORICAL PAGEANT

The greatest event of the Fair
and certainly the most dramatic
entertainment ever presented to the
people of Comanche county was the
Historical pageant celebrating the
seventieth anniversary of Comanche
county and presented on the second
night of the Fair under the superior
leadership of Mrs. Rome Walker.
This pageant was witnessed by at
least three thousand people who
beheld every part of the specta-
cular demonstration with rap: atten-
tion and enthusiastic approval.

The pageant began by the en-
trance, upon the softly lighted arena
of seven beautiful girls representing
the seven essentials necessary to the
establishment of any great institu-
tion. These are: Vision, Courage,
Bravery, Liberty, Industry, Progress
and Co-operation. These in reality
were representative of the seven
decades of our county's history, and
were also true depictions of the
character of our sturdy pioneers.
A period was reserved at this point
for the introduction of the old
settlers who were present on this
day which was planned in their
honor.

Like the rushing of a fierce, wind
came the mighty Indians whose
yells pierced the quiet atmosphere
the same as in the days of their
reality. They held one of their
wild war dances, then made a
vicious attack upon the pale faced
men. After this conflict the In-
dians marched slowly away, and
with heads bowed in reverence. This
showed that a most wonderful
change had been wrought, and that
now perfect peace and harmony
prevailed between them and their
erstwhile opponents in bloody com-
bat.

The next scene was one of the
most dramatic of all. The old time
covered wagon drew in sight mov-
ing slowly and cautiously and carry-
ing the travel weary family which
had come from afar in search of a
better country and for a home on
the virgin soil of Texas. While
peacefully and carefully scanning
the country about them in search
of a suitable spot on which to
establish his first Texas home these
first settlers were rudely attacked
by a band of Indians. The Indians
were defeated. Thus began the
first settler's real and mighty strug-
gle for home and freedom; thus
also began his series of blood
bought victories.

This scene brought tears to the
eyes of numbers of the pioneers
who were present for they had come
to this country and suffered the
hardships represented. The Colo-
nial days were represented by a
group of high school girls who were
dressed in the quaint but beautiful
costume of the Colonial days.
Their demonstration of the old
fashioned square dance was attend-
ed with beauty and poise.

The days when Comanche county
was a cattle country was vividly
pictured by the coming of the chuck
wagon which established camp
and was followed by the cow boys
on their spirited steeds.

The various parts of this scene
were dramatized by people who now
live on ranches in Comanche county
and was under the direction of
Gaston Boynton. Following this
scene was an old time square dance
led by Elmo Montgomery and par-
ticipated in by a group of young
married people of the town.

The ceremonies in which Jeffie of
The House of Thomas was crowned
queen of the Harvest were most
beautiful and exquisitely elaborate.

The coronation ceremonies began
with the appearance of the Princess
of the Harvest, their escorts, and
little attendants who were dressed
to represent the princess she at-
tended and little pages were
dressed in black dress suits. James
W. Cochran performed the function
of announcer in a most fitting and
dignified manner. His resonant
voice proclaimed the coming, Their
Royal Highness: Princesses Water-
melon, Pecan, Blackberry, Sweet
potato, Plum, Pear, Grape, Corn, Maize,
Oats, Wheat, Poultry, Cotton. Prin-
cess Cotton had as her attendant,
Boll Weevil, Cotton flea, Grass-
hopper and Leaf Worm. These
charming princesses were dressed in
costumes to picture the things they
were dramatizing. Then came
Butterflies dressed in all the colors
of the rainbow, and were followed
by grammar school girls dressed
to represent the native flowers of
Comanche County, the buttercup,
bluebonnet, bluebell, mountain pink,
daisy, etc. These were followed by
girls dressed to represent George
and Martha Washington.

Then came the queen perched by
her majesty's maid of honor, Thelma
of the House of McDonald, and her
escort the noble Travis Cunning-
ham.

Her majesty, the Queen, Jeffie of
The House of Thomas, with becom-
ing dignity, was led to the throne of
honor by her most gallant escort,
Jake Durham, where in majestic

the closing night's program was
the old fashioned square dance in
which some of our middle aged
citizens forgot all about their
"rumitiz" and gave us excellent de-
monstrations of the past decades
way of using its play instinct.

The Queen's attendants were
Drucilla Cochran and Joe Carver,
who carried the diadem for the
royal head, and Patricia Howard and
Jack Walker who were her majesty's
train bearers. The court Jester
was Walter Arnold. The elaborate
pageant closed with the band's
playing Dixie. Thus a most won-
derful feat of dramatization was
concluded before the audience, that
was most hearty in approval of
manner in which the pageant was
staged. The pageant was not only
beautiful and spectacular, but was
also eminently a fitting celebration
of the Seventieth anniversary of
Comanche county.

The director of the pageant was
its author the gifted and talented
Mrs. Rome Walker who is teacher of
expression in the Comanche schools,
and whose standing among dramatic
artists is high and enviable. To her
wise leadership and work, together
with the fine spirit of co-operation
upon the part of the young men and
women who participated is due the
success of this gigantic venture. The
praises that have been spoken have
been numerous. Mrs. Walker wishes
to convey her most appreciative
thanks to all who aided her in this
noble enterprise, and especially the
young men and women who worked
so long and diligently to make the
pageant truly a work of art. She
particularly wants the public to

MAMMOTH CIRCUS COMING TO BROWNWOOD TEXAS

Robbins Bros. Big 4-Ring Show, to appear on Saturday October 16, at Brownwood is to have the world's largest circus giving a street parade on Saturday October 16. It is a big event for this section of the country. The circus has been increased to twice its former size, through augmentation by purchase of U. S. Circus Corporation properties. Hundreds will go over from here to attend. Already there are a number who have made up parties to go over to Brownwood to attend one of the two performances. Among the distinctive features are:

Two mammoth pageants, requiring three hundred people in its cast of characters; three herds of elephants; a mammoth hippopotamus just imported from Africa; marvelous herd of performing animals; Ponca Bill's Wild West shows; fifty Sioux Indians from off the reservation; fifty cowboys; Count Cimmerjott's dancing horses; acrobatic acts; Japanese families recently brought over from Japan; Arabian Tumblers from Teheran, Arabia; forty clowns in the world as producer; trained dogs and ponies; parade of nations which for oriental splendor excels anything produced up to the present time; 200 wild animals; 400 horses; 600 men to man the show; wonders galore; feats without a parallel.

The circus is one of the most successful in the country having for half a century played principally in the east and is now making its second western tour enlarged to such an extent that it stands in the front rank. It is worth while in every way.

A specialty.—P. L. Burks and son.

Attends Fair On Old Settlers Day

I. A. Dingler of Carbon, was in attendance at the Fair Thursday, meeting the old settlers and says he should be numbered as one of the early settlers who moved from Georgia to Comanche County and settled near Hazle Dell in the year 1875, when after residing in that part of the county 5 years he removed and purchased 160 acres of land 1 mile west of Sidney, residing there until he moved to Carbon and engaged in the hardware business in 1890, retiring from active business after 35 years of success, to look after his farming interests, and the mercantile business is still owned and operated by a son who always seeks the wise council and advice of his father in any important transactions, and this old gentleman, Dingler is still young, hale and hearty at the very ripe age of 82 and gets about almost as sprightly as a man of 45 or 50. Dingler served in the Civil War in Co. F, Cobbs Infantry, Georgia Legion, under Col. T. R. Cobb, and he always attends the old soldiers reunions, and he says he should still be numbered with the residents of 50 years standing in Comanche county, as some of his children have always resided in the county, and his only daughter Mrs. R. C. Morris, who was born here still resides 5 miles west of Sidney.

FURNITURE MOVED and son.

MISS MARY McILHANEY

The subject of this sketch, Miss Mary Lou McIlhane, 10, of Wheeler, is said to be the youngest Spanish student in Texas. She is in the sixth grade. Miss McIlhane is noted for her oil paintings, especially her out-of-door scenes. She is the

daughter of Mr. and Mrs. M. McIlhane. Her father is a Wheeler merchant and an official of the West Texas Chamber of Commerce. Mrs. McIlhane, former school worker, was well known in West Texas educational circles when she was Miss Goldie Garner of Comanche.—Star Telegram.

Indigestion

bad spells relieved

"NOTHING can take the place of Thedford's Black-Draught with us because we have never found anything at once so mild and so effective," says Mrs. Hugh Nichols, R. F. D. 4, Princeton, Ky. "When the children have spells of indigestion and upset stomachs, I always straighten them out with a dose or two of Black-Draught."

"Several times I have suffered with bad spells of indigestion myself and found I would soon get relief if I took a course of Black-Draught. I was troubled with a bad accumulation of gas and severe pains across my stomach and lower bowels. Now when I feel a spell of this kind coming on, I head it off by taking Black-Draught—a dose every night for a few nights will prevent the trouble and save me much pain and suffering."

"My whole family uses Black-Draught for biliousness and constipation."

"It is a splendid medicine." Sold everywhere. 25 cents.

That's what you do to your
electric lighting plant

WHEN YOU want to say something is elastic, don't compare it to rubber. Say, "As elastic as the equipment of the Texas Power and Light Company."

You are continually squeezing that equipment to its smallest limits, and the next minute stretching it out to its full extent. Just consider—

In the middle of the afternoon, maybe, you are not using the electricity at all. Suddenly a storm breaks, darkness closes down and at once you and everybody else in town switch on lights.

That means this Company must make a quick jump from a small load to a heavy load. You press the button or turn the switch, and great electrical machines respond instantaneously to your touch.

You can keep us on the jump—with your rapid ups and downs in the use of electricity. But you can never catch us napping try it.

EVERY DAY
This Store Is.....

Packed, Jammed, Crowded With Eager Buyers..!

SWEPT OFF OUR FEET AT THE TIME THIS ADVERTISEMENT WAS
RELEASED TO THE PAPERS! Thousands have passed through our
doors to attend this great CLOSE OUT SALE

The response to this sale has been immediate and spontaneous—implying that when The Adams Mercantile Company advertised a Close Out Sale, it was the finest manufacturing the remaining bare walls of the store.

Doors Were Locked and Traffic Practically Stopped Wednesday on Account of the Crowds

The thousands who came to our sale the first few days were not disappointed—they found values in excess of their fondest expectations. Prices were within every one's reach. It was the wildest demonstration of Rapid Fire selling ever staged in this section. Five minutes after the sale opened, the doors were locked—special officers stationed at the door to handle the immense throng—salespeople were utterly covered up at times but worked like beavers to give service to the people. From now on you will find better values than ever and assortments just as complete because goods contracted for months ago have just arrived and are being stacked on the bargain tables.

Look!

IT'S HERE
IN BLACK
AND WHITE

—Every statement in this circular is true. Nothing has been over-drawn—just facts. I have been given orders to sell out lock, stock and barrel. The only way to accomplish this is to make prices that will bring the people for fifty miles around. I realize full well that nearly every one must economize to the limit and the best way to accomplish real economy is to buy when the opportunity is offered, so—in inaugurating this sale of scales I feel certain that it will meet with your approval, because it will make your dollar worth more than one hundred cents. It gives you the opportunity to pick what you want from the biggest and best stock we have ever had. —Remember please, that this good thing will not last more than three or four weeks at the most, so plan to be here before the Bargain Plums are picked.

PRESBYTERIAN CHURCH NOTES

Next Sunday is an important Sunday with us. Our revival meeting begins. It has been almost three years since this church has had a meeting, and we are looking forward with hope and faith that much good will be accomplished. Rev. Boney, who will conduct the meeting, will not be able to be here for the opening service on Sunday, and Dr. S. E. Chandler, President of Daniel Baker College, will preach at both services Sunday. The pastor will be absent at the morning service, as he has been asked to preach at Brownwood at that hour, Dr. Gray being sick. He will return for the evening service. Committees for the meeting were appointed last Sunday, and it seems, as if all are willing to do their best to make the meeting a success. The music committee is putting forth every effort to have a large chorus. Rev. Boney is a splendid singer and will add greatly to the musical part of the meeting as well as do the preaching.

The church building is being piped for gas heating this week, and should cold weather come during the meeting we will be able to make the building comfortable. The hours of service next Sunday are: Sunday School 9:45; morning preaching service 11:00; evening service 7:30. Every one is cordially invited.

JERSEY COW JOINS SELECT CLASS

Sport's Poetess 501751, a mature Jersey cow, owned by Shelton Bros., of Brownwood, Texas, has completed an official 365 day test in which she produced 433.45 lbs. of fat and 9737 lbs. of milk on two milkings per day.

EDMONSON-JONES

Last Saturday at 9:30 a. m. at the home of the bride's parents, in the Indian Creek Community, Rev. J. L. Ray spoke, the solemn words that united in marriage Miss Bessie Jones and Mr. S. C. Edmonson. This beautiful and sacred ceremony was performed in the presence, of a few relatives and friends. Miss Bonnie Bowman was bridesmaid and Mr. Clarence Biggs best man.

The bride, is the daughter of Mr. and Mrs. J. A. Jones and is one of the most estimable young women of the community. The groom is a well known man of Coleman county.

The happy couple left immediately after the ceremony for Dallas where they will attend the Fair. Upon returning they will make their home near Coleman.

Rev. Adrian Jones and family of Coleman were here last week to attend the wedding of the former's sister, Miss Bessie Jones of the Indian Creek community.

DR. ORY LEAVES FOR CHICAGO FOR SPECIAL STUDY

Dr. C. W. Ory will leave Saturday for Chicago, where he will attend the fifth annual meeting of The American College of Physical Therapy which will be in session from October 18th to 23rd. Dr. Ory informs us that Chicago is the greatest hospital center in the world, and that during the meeting he is attending the greatest men in the medical profession from all parts of the world will be present and give addresses.

Performance
proved beyond
all doubt!

Out on the curves and straightaways of the General Motors Proving Grounds—over rough and rutted roads, through blistering heat and bitter cold, through rain and slush and mud and snow, Chevrolet performance is proved before it is enjoyed by owners!

Here testers drive, night and day, until the speedometers register 20-30-40,000 miles and more! Here during the long, steady grind—every mile of which is driven under observation—materials and designs are constantly analyzed and checked; performance, wear and repairs are tabulated! Here the collective genius and experience of Chevrolet and General Motors engineers is utilized to assure buyers an investment of utmost soundness and satisfaction when they purchase a Chevrolet!

See us now! Arrange to drive the smoothest Chevrolet in Chevrolet history.

RESIGNS FROM CASHIERSHIP

W. M. (Walter) Durham has resigned the cashiership of the First National Bank with which he was been connected for the past eighteen years for the most of that time in an official capacity.

Mr. Durham went to work with this institution upon finishing school in 1908 the Bank being under management of Messrs. Jay and Homsley. He was later made assistant cashier then cashier and vice president serving during the past several years continuously in this capacity. Many friends of Mr. Durham will regret to see him leave active connection with the bank but are pleased to know that he will not be lost from among Comanche's business men.

K. Martin; said notes being payable to the order of C. A. Jones at Stamford, Jones County, Texas, bearing six per cent interest per annum from date until paid, interest payable annually as it accrues; and providing that failure to pay any of said notes or any installment of interest thereon when due, shall, at the option of the holder of said notes mature all of said notes, and in such event the holder of said notes may proceed to collect the same in the same manner as if the full time provided in said notes had expired, and also providing for the payment of ten per cent on the amount of principal and interest then due as attorney fees if placed in the hands of an attorney for collection, and given in part payment for the purchase money of a complete gasoline plant situated and located near the town of Sipe Springs in Comanche County, Texas said gasoline plant being purchased by the said G. K. Martin from the said C. A. Jones, and being located upon ten (10) acres out of the Nancy Rector Survey near the town of Sipe Springs in Comanche County, Texas said ten acres being fully described in deed of Trust from G. K. Martin to H. G. Andrews, Trustee, dated November 2, 1925, Recorded in Vol. 38, page 420 of the Deed of Trust Records of Comanche County, Texas, and

WHEREAS, the said C. A. Jones is the holder and owner of said notes and the said G. K. Martin has made default in the payment of the balance due on Note No. Nine (9) amounting to Forty-nine and 64-100 (49.64) Dollars, and Notes Nos. Ten (10) and Eleven (11) for the principal sum of Seven Hundred Fifty and No 100 (\$750.00) Dollars each, dated November 2, 1925, and due two hundred seventy (270), three hundred (300) and three hundred thirty (330) days after date respectively, and the same are now past due and unpaid principal, interest and attorney fees. By reason thereof and as provided for in each of said notes and in said deed of trust the said C. A. Jones has declared each of said notes and all of said indebtedness immediately due and matured, and has heretofore so notified the said G. K. Martin in writing, and

WHEREAS, each of said notes are now past due and unpaid, aggregating principal interest and attorneys fees, the sum of Two Thousand Fifty-seven and 90-100 (\$2057.90) Dollars to October 7, 1926, and

WHEREAS, I have been requested by the said C. A. Jones, the legal owner and holder of said notes and the beneficiary in said deed of trust, to enforce said trust, I will offer for sale between the legal hours, to-wit: between the hours of ten o'clock A.M. and four o'clock P.M. at public auction to the highest bidder on the first Tuesday in November, 1926, the same being the 2nd day of said month, at the court house door in town of Comanche in Comanche Co., Texas, the following described property, to-wit: A complete gasoline plant situated & located near town of Sipe Springs in Comanche County Texas, upon ten acres out of the Nancy Rector Survey in Said County, said ten acres being fully described by metes and bounds in deed of trust recorded in Vol. 38, page 420, Deed of Trust records of Comanche County Texas, and being the same plant purchased by G. K. Martin from C. A. Jones on November 2, 1925, together with all property, fixtures, machinery, apparatus, boilers, pumps, buildings and equipment of every kind and nature incident to and connected with said gasoline plant, with all rights, members and appurtenances thereto in anywise belonging, for the satisfaction of said indebtedness, as per the terms of said deed of trust.

WITNESS MY HAND, this the 7th day of July, A. D. 1926.
H. G. Andrews, Trustee (7-3-9)

INDIANS DOWN DESDEMONA

Another scalp was added to the Indians belt last Friday when the local warrior, "defeated" the Desdemona High School squad before a splendid crowd at the Fair Grounds. The teams were evenly matched and for a time it looked like a scoreless game but gradually the Indian fighting spirit overcame the boys from the Old City and they were able to put over the only score of the game.

During the first quarter the game was wholly in favor of Desdemona Comanche seeming to be barely able to hold the visitors, and utterly unable to make any offensive progress against them. toward the end of the second quarter the tide had turned in favor of Comanche and only the end of the period saved them from making a touch down at that time.

Opening the third quarter Comanche began a series of first downs made almost at will until the goal had been crossed.

During the remainder of the third quarter playing shifted from side to side, and in the fourth quarter Desdemona opened up with every character of offensive football they had in a vain effort to score but the Indians kept them well back in their own territory and the game ended in this character of play "Rabbit" Babors was easily the star for the visitors. Magness punting for Comanche was splendid as was the offensive work of Pullman and Herring.

The line up for Comanche was as follows: Left end Todd, left tackle B. Magness, L. G. Lewis, C. Hulsey, R. G. Evans, R. T. Williams (Capt) R. E. Martin, Q. Pulliam, F. A. Magness, R. H. Woodward, L. H. Dodson. Substitutes. Herring for Dodson. Preston for Evans, W. Magness for Lewis, McDonald for Woodward. Officials were M. Gibbs, Daniel Baker, Referee. Wisdom, head line man, Tarleton Wilkinson, Daniel Baker, Umpire.

Dallas News Sets New Record

Sunday's issue of the Dallas News represents the greatest run of any single issue in the history of the newspaper.

In size alone, and wholly aside from its wealth of contents, this run of more than 102,000 copies, of 218 full-size pages each, establishes a record that may stand for some time. It has taken approximately 346,700 pounds of news print paper, or about nine carloads. If this paper were stretched out in one long sheet seventeen inches wide (the width of a newspaper page) it would extend about 3,000 miles—further than from New York to San Francisco.

Each copy weighs nearly three and one-half pounds, and the cost of the paper alone in each copy is more than 15c.—Dallas News.

SICKLY, PEEVISH CHILDREN

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 35c. Sold by

PARIS SMITH

Unseen Sources of Long Life

The basic sources of automobile value are not always apparent to the eye.

A motor car, like a house, may LOOK a great deal more substantial than it really is.

Because of this difficulty, more and more thousands are turning to Dodge Brothers product for insurance against disappointment.

The years have proved, and each year proves anew, that Dodge Brothers are as deeply concerned with the UNSEEN goodness of their motor car as with the seen.

The mileage it will deliver, the safety it will provide, the expense and trouble it will save the owner over a period of years, are quite as important to Dodge Brothers as the more obvious details of equipment and style.
